## The Argument Used

**B**Y the makers of the second-class baking powders to induce the dealer to push them off on Royal consumers is that they cost less than Royal and afford the dealer much more profit.

But you, madam, are charged the same price for them as for the absolutely pure Royal, which is perfectly combined from the most highly refined and expensive materials. The lower cost of the others is caused by the cheap, impure materials used in them, and the haphazard way in which they are thrown together.

Do you wish to pay the price of the Royal for an inferior baking powder, made from impure goods, of 27 per cent. less strength? If you buy the other powders, insist upon having a corresponding reduction in price.

### LeCompte's Bottom.

Misses Lizzie McEwan and Lizzie Powell, of Frankfort, visited Mrs. Hiatt last week.

Frank Kavanaugh, of Frankfort, visited his uncle here, this week.

Mr. Augustus Clements and J. D. Marcum, of DeFoe, visited the family of Mr. P. E. Kavanaugh the last of the week.

B. E. Graves attended church at Lebanon Saturday.

Miss Patsy Kavanaugh who has been visiting friends at Pleasureville, New Castle and Frankfort, came home Saturday.

Mr. Willie Hughes, of Harper's Ferry, will teach our school.

Several of our boys visited the young ladies in Clements' Bottom Sunday.

Our farmers are encouraged by the late rains. Tobacco is looking well; corn considerably injured by the drouth.

Our apple crop is very near a failure.

Plenty of hogs in the country.

We have a beef company.

RIP VAN WINKLE.

### Fall to do Their Duty.

Everybody has at times failed to do their duty towards themselves. Hundreds of lady readers suffer from sick headache, nervousness, sleeplessness and female troubles. Let them follow the example of Mrs. H. Herbecher, Stevens Point, Wis., who for five years suffered greatly from nervous prostration and sleeplessness, tried physicians and different medicines without success. But one bottle of Dr. Miles' Nervine caused sound sleep every night and she is feeling like a new person. Mrs. Elizabeth Wheeler, Laramie City, Wyoming, who used all other remedies, declares that after three weeks' use of the Nervine for Headache, Nervous Prostration, etc., she was entirely relieved. Sold by J. W. Gayle. Trial bottle free. 1

### Benson Valley.

Most Hall and son are on the sick list this week.

Mrs. Celia Spaulding is visiting her daughter, Mrs. Hyl Suduth, who is very ill.

We are still having a nice Sunday-school at North Benson Church.

Misses Lula and Emma Russell visited their aunt Tuesday last.

Mr. Ben Bradley made a trip to Antioch last Sunday.

Herbert was all smiles Sunday, but Sid still wears his long face.

Mr. John Cox and wife visited their parents Sunday last.

Miss Alice Shackelford, who has been visiting relatives on Benson, has returned home.

Quite a serious accident happened at Mr. Forrest Hulet's Tuesday last. Andy Dowdan was assisting Jack to dig a well, and while drawing the rock out the plank on which Andy was standing broke and with lightning speed Andy went twenty feet

below on top of Jack. Both were considerably bruised but no bones broken.

Quite a number of boys called on Miss Prudie Hulet Sunday last. Among the many were Bob Suduth, Jack Hulet, Henry Chism and Richard Pryor.

Benson Valleys played the South Frankfort boys in Frankfort last Saturday, the score standing 8 to 5 in favor of the Benson Valleys, as they always do. They tried in vain to defeat them, but they could do nothing with Ben's balls, while our boys battered Penn Merchant's balls with sticks, chunks or anything they could get hold of.

### THE DAISIES.

#### Fell Dead.

These words are very familiar to our readers, as not a day passes without the report of the sudden death of some prominent citizen. The explanation is "Heart Disease." Therefore beware if you have any of the following symptoms: Short Breath, Pain in Side, Smothering Spells, Swollen Ankles, Asthmatic Breathing, Weak and Hungry Spells, Tenderness in Shoulder or Arm, Fluttering of Heart or Irregular Pulse. These symptoms mean heart disease. The most reliable remedy is Dr. Miles' New Heart Cure, which has saved thousands of lives. Book of testimonials free at J. W. Gayle's who also sells the New Heart Cure. 1

### Another Reduction.

We could not make this offer did we not know that Dr. King's New Discovery could be relied on. It saves disappointments. Trial bottles free at PHIL. CARPENTER'S Drug Store. Large size 50c. and \$1.00. 2

## Lock Located.

Major D. W. Lockwood, U. S. Engineer in charge of the rivers of Kentucky, came over from Cincinnati on Monday and accompanied Capt. R. S. Burnett, the resident engineer in immediate charge of the Kentucky river, up the river for the purpose of looking at the points suggested for the location of Lock No. 7. After viewing the different points he finally selected a location some distance above High Bridge, in order to take advantage of the natural pool water which extends several miles up the river from that point. The land will be purchased at once and all arrangements made to put in a coffer dam early in the spring, make the excavation and push the work of building the lock next season. Nothing can be done this year as the stone for the lock wall has already been gotten out and dressed in the quarry at Rock Shoals near Beattyville and cannot be towed down from that point until the spring rains give sufficient water in the upper Kentucky for the purpose.

The dam at Lock No. 6 gives a depth of nine feet of pool water on Cow Shoal, just below High Bridge, at the present stage of the water, and the pool between Locks Nos. 6 and 7 will be the longest on the river, only a little dredging just above the bridge being necessary to make it navigable at the lowest stages of water.

## Franklin Association.

The seventy-eighth annual meeting of Franklin Baptist Association was held with Brok Run Church, at Forks of Elkhorn, on Wednesday and Thursday. The sessions were held in the woodland pasture of Mr. A. W. Maclean, and the weather being splendid the attendance was large.

Much business was transacted and all who went out from this city enjoyed the meetings and are loud in their praise of the hospitable treatment they received from the Buck Run congregation. Col. Thomas Rodman, of this city, was re-elected Moderator, for the fourteenth year in succession, and W. H. Parrent, Secretary. The next meeting will be held with the Church at Bethel, this county.

## Died.

Miss Lou. S. Cannon, daughter of the late Capt. John W. Cannon, died in Lexington Sunday morning, aged about 21 years. Her young life had known but few joys and pleasures as she had been an invalid from her earliest childhood, and death came to her as a relief from suffering. The remains were brought here Sunday evening and the funeral took place at 4 o'clock Monday afternoon from the residence of her mother, on the corner of Clinton and Ann streets.

# GOOD THINGS

ARE IN STORE FOR YOU.

THE GOOD THINGS WE REFER TO ARE IN OUR STORE, AND THEY ARE THERE FOR YOU AND EVERYBODY.

OUR STOCK IS LIKE A STREAM—hundreds take from it, yet it never diminishes. This, of course, is because there is a never-dying spring of supply that feeds the stream.

SLUGGISH STREAMS STAGNATE—So do sluggish stocks. They become decayed. They are not fit for commercial use any more than decayed meat. Finally, they are known as "dead."

CONSTANT MOTION KEEPS WATER IN THE BEST CONDITION—and a constant flow of trade keeps a stock in best condition. We have no dead stock, because our stock never stands still. It is always flowing out and flowing in.

DO YOU APPRECIATE THE ADVANTAGE of buying always from a clean, fresh stock of new goods? If you do, you can have that advantage by trading with.

### Base Ball.

The so-called Hammers Club came up from Louisville and gave a poor exhibition of ball playing at Lake Park Tuesday afternoon. When the game was advertised it was supposed that the Frankfort Club would have opponents who would make the game interesting to the spectators, but when they reached here it was found that most of the players were those who had been here with other clubs, which our boys had no trouble in defeating, and but a small crowd went down to the Park to see the game. The visitors were short a catcher and Goins, right fielder of the Frankforts, had to be loaned to them to fill that position, which he did in a creditable manner. Merchant pitched a splendid game, only letting the visitors get two hits off of him, and those were in the eighth inning, when he eased up. On the other hand Montz was an easy mark for the home boys, as they made fifteen safe hits during the game. Dick Van Derwerker, who took Goins' place in the field, played a great game, making two hits, one of them a three bagger, and made a long running catch of a beautifully ball. Tommie Newman tricked Robinson in the eighth inning in a way that the Hammers' second baseman despised. Robinson had gotten his base on balls, worked his way around to third and was playing away off, anxious to score—Barrett also being off the base, when Tommie came in quietly from the field, where he had nothing to do, stopped for a moment behind the Louisville coacher, who was looking after Robinson, until he caught Davis' eye and then like a flash covered third. Davis put the ball into his hands straight as an arrow, catching Robinson between bases, where he was run down and put out in a second. Wicks Lindsey and Sherley Wintersmith both distinguished themselves at the bat, the former getting in a home run and several base hits, and the latter a beautiful three bagger. Davis made the Louisville boys "hunt turtles" while he galloped around the diamond in the first inning, and Phillips also made a three base lick. The following is the score:

### Cantrill and Smith.

The Democratic District Convention, which met at Georgetown on Thursday, nominated Gov. Jas. E. Cantrill, of Scott, for Circuit Judge, and John S. Smith, of Bourbon, for Commonwealth's Attorney of this, the fourteenth, judicial district. Judge Ira Julian, of this city, was a candidate for Judge and Hon. Tobias Gibson, of Woodford, wanted to be Commonwealth's Attorney, but they were defeated by a combination between the Scott and Bourbon candidates.

### The Old Original Remedy Leads.

Sick people should not be deceived by pretenders who talk about "Microbiol," "germs," "bacilli," &c., to sell their preparations, thus preventing people from buying the original tested medicine. "Radium's Microbe Killer" is what you need. It is now, and for years has been, making more cures than all other remedies combined. Read their advertisement in this paper. Don't be deceived.

Inserted at the post-office at Frankfort, Kentucky, as second-class mail-matter.

450. A. LEWIS, Editor and Publisher.

FRANKFORT, AUGUST 27, 1892.

### A New Departure.

In addition to our facilities for executing every variety of plain and fancy letter press job work, we are now prepared to furnish all kinds of fine lithographic work, such as letter heads, bill heads, note heads, cards, envelopes, checks, certificates of stock, &c. The work will be gotten up in the latest style and on short notice. If you are in need of any thing in that line call and examine our samples before ordering.

### A Cruel Hoax.

Some evil-minded person is practicing a cruel hoax upon Mr. Chas. Johnson and family, who reside in the three-story building on Main street, opposite the Capital Hotel. Mr. Johnson keeps a grocery in the lower part of the house while his family occupy the second and third floors. At intervals for some time past small pieces of coal, potatoes and other small substances have been made to drop upon the floor of different apartments in some unaccountable way, until it has gotten to be a great annoyance to the family, and the report having gone abroad that the house was haunted, large crowds of curious people have flocked there to witness these "spiritual manifestations," as they are called, causing the family great inconvenience. Those who are superstitious claim that there is something supernatural about the occurrences and even Mr. Johnson claims that he has seen the rocking chairs in his bedchamber vibrate back and forth and the swinging lamp of a sewing machine table rise and fall, moved by an unseen hand. A prominent local spiritualist has been consulted and has given it as his opinion that there is a female medium in the house, and when she is present these manifestations take place but cease when she is absent. If he is correct, the remedy is plain—remove the "medium" and the annoyance will cease. But if Mr. Johnson wishes to lay in his supply of winter fuel he should place what coal he has upon his premises in a secure place, so that it cannot be "worked over," and induce the "medium" to increase the shower and size of the lumps.

One gentleman is satisfied that if he lived in the house and the weather was cold, the ghost would cause only icebergs and snowballs to fall upon the floor.

If there is a spirit of any kind manifested in this matter it is one of pure, unadulterated goodness upon the part of some one bent upon making life a burden to a quiet and respectable family.

### A Friend of Grover's.

Mr. Chas. Stow, of Erie, Pennsylvania, was in the city Monday making advertising contracts for Sells Bros' circus. Mr. Stow is one of the cleverest gentlemen in the show business and gave the ROUNDABOUT its first circus advertisement fourteen years ago, and has never failed to repeat the favor in his numerous visits to this city, both for Barnum and Sells Bros., since that time. He is an old newspaper man, having been for a number of years city editor of the Buffalo Express, and always does the liberal thing by the newspaper boys. He was raised in Buffalo, New York, was a law student in the same class with Mr. Cleveland and entertains a high opinion of the ex-President, whom he thinks will carry New York by at least twenty thousand majority in November.

### Kicked in the Head.

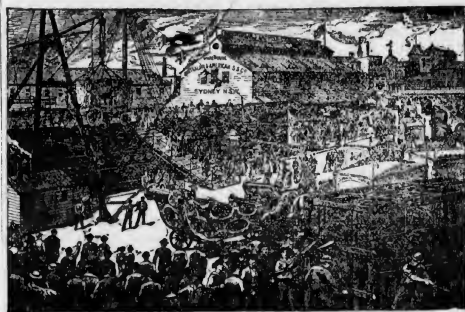

A boy by the name of Owen Whalen, who lives below Leestown, got too near the heels of a horse Sunday afternoon, when the animal kicked him in the head. He was knocked about ten feet, a gash four inches long cut in his forehead and the outer table of the skull was fractured. He was brought to this city and the wound was dressed by Drs. G. F. Thompson and W. P. Banta. At last accounts he was doing well.

Sells Brothers' Mammoth Circus is merely regarded as a stupendous advertisement for America, from which enterprising land they hail, or whether it is regarded as a startling revelation in this class of entertainment, in either case it must be pronounced a brilliant success.—Melbourne (Australia) Daily Age.

### FRANKFORT ROUNDABOUT

FRANKFORT, AUGUST 27, 1892.

#### Bought a Cottage.

Mr. L. H. Finnerl has purchased from Mr. Chas. L. Ellwanger the brick cottage on east Main street now occupied by the latter for fifty hundred dollars.

#### Lutheran Service.

Rev. Paul Schenck, of Lexington, will preach in German at the Southern Presbyterian Church on Monday evening next, August 28th, at 8 o'clock. All of our German citizens are invited to attend.

#### Elected Principal.

Rev. Tyler E. Uterback, who has had charge of the Christian Church at New Richmond, Ohio, for the past year, has resigned his pastorate to become principal of Transylvania Collegiate Institute, at Corbin, Laurel county. He will go to his new field about the first of September.

#### Four Farms.

Hon. H. S. Julian, as administrator of his father, the late Alex. Julian, will offer at public sale, at the old family residence, near Bridgeport, on Tuesday, September 6th, four farms of sizes to suit most purchasers. In addition, stock and farming implements will also be sold. See the ad. in another column.

#### The Other Side Affected.

Mr. W. W. Jett, who was stricken with paralysis in this city some months ago, suffered a second stroke on Sunday, his left side being affected this time, and he is now lying in a critical condition at his home near Jett's Station. He is unable to speak and his death is liable to occur at any time.

#### Happy Hoosiers.

Wm. Timmons, Postmaster of Ida-ville, Ind., writes: "Electric Bitters has done more for me than all other medicines combined for that bad feeling arising from kidney and liver trouble." John Lealle, farmer and stockman, of same place, says: "Find Electric Bitters to be the best Kidney and Liver medicine. Made me feel like a new man." J. W. Gardner, hardware merchant, same town, says: "Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or dies; he found new strength, good appetite and felt just like he had a new lease on life. Only took a bottle, at F. H. Carpenter's Drug Store."

#### The Great Lexington Fair.

Tuesday next, August 30, the great Fair at Lexington will begin. The railroads have reduced fares, the stock exhibits will be the finest ever seen in the West, the trotting stakes are the largest ever given, and the premiums the most liberal ever offered. It will continue five days, and it will certainly be pleasant to be there.

#### Were Sidetracked.

The train upon which Col. E. Polk Johnson and wife were going to Knoxville, Tennessee, on their way to North Carolina, on Thursday of

last week, was captured at Jellico by miners and after holding them at that place for some time, the conductor slipped his train away and ran back to Corbin, at which place they finally got a train to Middleborough, and from that point they went on to their destination. The Colonel described his experience in an interesting letter published in the Courier-Journal of Tuesday, in which he says the miners looked upon him with the eye of suspicion and had about concluded to take him off the train and take care of him when the train backed out and ran away.

#### A Ray of Hope.

There is a hope fondly cherished by our citizens that when the circus comes it will leave with us some new song, the air and words of which are sufficiently "catchy" to forever efface from the memory of the small boy the abominable tune, "Boom-ta-ra," which he has been singing, whistling, beating and dinging into the ears of a long suffering public all summer.

Mr. John Carpenter, of Goodland, Ind., says: "I tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, for diarrhea and severe cramps and pains in the stomach and bowels, with the best results. In the worst cases I never had to give more than the third dose to effect a cure. In most cases one dose will do. Besides its other good qualities it is pleasant to take." 25 and 50 cent bottles for sale by J. W. Gayle, Druggist.

#### See Here, Sam.

What's the matter with the town clock? What time does it run by, any how—solar, standard or machine shop? For more than a week it has been ten or fifteen minutes faster than clocks supposed to run by solar time and from thirty to thirty-five minutes ahead of standard time. It is a first rate clock to clock work by, but bad to start in with.

As a general liniment for sprains and bruises or for rheumatism, lame back, deep seated or muscular pains Chamberlain's Pain Balm is unrivaled. For sale by J. W. Gayle, Druggist.

#### Sullivan and Corbett Meeting at New Orleans.

For this occasion the Queen & Crescent Route will sell round trip tickets at half rates. Tickets to be sold September 3, 4, 5 and 6, good returning until September 15th, 1892. Connection lines will also sell tickets over the Queen & Crescent Route at reduced rates.

This line is the only line running Vestibuled Trains from Cincinnati to New Orleans. It is 94 miles the shortest, and its regular trains make quickest time both from Cincinnati to New Orleans and from New Orleans to Cincinnati.

All tickets are accepted on our Vestibuled Trains without extra charge. Our rates and the rates of our connections over this line are as low as by any other.

We have two through Vestibuled Trains between Cincinnati and New Orleans every day in the year.

On Sunday, September 4th, 1892, we will, in addition to regular service, run a special train to New Orleans, making a fast run through. All tickets will be good on the special as well as on regular trains.

### Communicated.

FRANKFORT, KY., Aug. 23, 1892.

*Editor Roundabout.*  
About four years ago Dr. Robert Gayle took a boy from the Baptist Orphan's Home, of Louisville, kept him a short time and then got me to take him. He lived with me about three years, when on the night of the 12th of June, 1892, he left without saying anything about going to me or my wife. He had no cause for leaving, as we always treated him well and provided for his wants. As soon as I found out that he had gone I immediately informed Dr. Gayle and made diligent efforts to find him. I write these facts because some ingenious and malicious persons have circulated the report that the boy had been foully dealt with. No sensible person would believe it for a moment, but in order to stop all this bosh I have asked some citizens in Frankfort if they had ever seen the boy there, and have found out that when he left my house he was seen at Frankfort by several persons. I inclose a letter from Mrs. Mary Page, a colored woman, and hope you will publish it with my letter.

Yours respectfully,  
JOHN S. PIERCE, JR.

FRANKFORT, KY., Aug. 23, 1892.

Mr. John S. Pierce, Peck's Mill, Ky.:  
DEAR SIR:—In answer to your question whether I had seen a small white boy aged about fifteen years, on or about June 16, 1892, will say that a small white boy came to my house late one night about June 16, on Thursday night, with a coal oil lantern and asked to stay all night. I asked him some questions about himself and he said he had no parents and had been living with Mr. Pierce of Peck's Mill; said that his name was Curtis Lawrence, and said that Mr. Pierce and he had a falling out, and that they could not get along together. He said that he was going to Louisville, between Walnut and Madison streets, but I can't remember the name of the people who he said he was going to see. He stayed all night at my house, but left before I got up. I saw him again on Saturday night on the street and spoke to him. He said that he had lived with Mr. Robert Gayle before he lived with Mr. Pierce.

Respectfully,  
MARY X PAGE,  
mark

T. P. Tremere.

About the 15th of June (he does not remember the exact date) Mr. Jesse Moore, a brakeman in the L. & N. yards, saw a boy stealing a ride in a gondola car attached to a freight train, which the yard engine was helping up the grade to Jett's Station, and talked with him. He said his name was Curtis Lawrence, that he had been living with Mr. John S. Pierce, Jr., at Peck's Mill, and was running away. The yard engine and crew returned from Jett's Station, and the last Moore saw of the boy he was sitting in the gondola. He does not know whether it was put off the train further up the road or not. Mr. Moore told Mr. Richard Morris about seeing the boy that same day or shortly after, and Mr. Morris remarked that he was making a mistake in leaving so good a home, as he had known Mr. Pierce for a number of years and believed he would treat the boy right had he remained with him.

In view of the above facts, it strikes us that the parties who are trying to make it appear that Mr. Pierce made way with the boy have no grounds upon which to base a charge to that effect, and the slanderous report they have put in circulation is very effectually nullified.—[Ed.]

### Death of Mrs. Mary C. Viley.

Mrs. Mary C. Viley, wife of Capt. Warren Viley, died at her home on the Midway and Versailles turnpike Saturday night at ten o'clock from heart failure consequent from a severe attack of flux. She was about thirty-six years of age, a member of the Baptist Church and a most excellent lady. She had been married three years, to Capt. Viley only four or five years ago. In her death he sustains a severe loss, and in his affliction he has the sympathy of the entire community. Funeral services were held at her late residence Monday morning. Rev. T. J. Shipman, of the Baptist church of this place, officiating, after which the remains were taken to the Lexington cemetery and there interred. The pall-bearers were: J. A. Steele, R. H. Davenport, Jesse Martin, J. S. Withrow, J. W. Harper and Bennett Branham.—Midway Clipper.

The deceased was formerly Miss Mollie Coleman and a cousin of Mrs. David Nicol, Mrs. C. C. Parr, Dr. J. S. and Mrs. J. M. Coleman, of this

city. She was a true friend and a noble-hearted Christian woman, who possessed the faculty of drawing all with whom she came in contact to her and numbering them among her friends. To the husband, who sits beside a lonely hearthstone, bowed down with a weight of grief, she was a cheerful companion and loving helpmate, and her loss will be felt as he treads the pathway of life alone. To him is tendered the warmest sympathy of one who had enjoyed her acquaintance for many years and can appreciate the great sorrow which has come upon him.

### Deafness Can't be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure. Sent for circulars free. P. J. CHENEY & CO., Toledo, O.

### Artistic Work.

Prof. Gulon, of the Capital City Business College, has some handsome specimens of penmanship framed and hung upon the walls of the entrance to the college, and is now engaged in making a handsome copy of the Lord's prayer in fancy pen art work. The coming of the Professor was a great addition to the faculty of the College and he is rapidly getting things into shape for a successful scholastic year. The apartments used by the College in the Mason & Hoge Building are being greatly enlarged by the removal of partitions, new conveniences are being put in for the use of lady pupils, and when the session opens next month everything will be in first class shape. The College is a home institution and deserves a liberal support from our people.

### Went to Kansas City.

About twenty members of Dexter Lodge of Knights of Pythias, accompanied by their families and a number of friends—the party numbering about sixty persons—left Sunday evening for Kansas City to attend the biennial convocation of the Knights of Pythias. They secured a special train for the purpose, and the party which took the party through from this city without change.

### Laid to Rest.

Mr. John W. McEwan died at his residence on Main street, South Side, Thursday evening at 8 o'clock.

Mr. McEwan was in poor health for about five years and had heroically battled against giving up the struggle, but at last the end came, and after a short confinement to his bed he quietly passed away. He was the son of Mr. and Mrs. William McEwan, of this city, and had, from childhood, borne himself in a manly and Christian manner, and by his upright course had won many friends, who deeply mourn his early departure from this life.

Mr. McEwan was a devoted member of the Methodist Church in this city, having been superintendent of the Sunday-school, and when his health permitted, otherwise actively engaged in promoting the interests of his church.

He had, for years, been manager of the freight department of the L. & N. Railroad at this place, and filled the position with efficiency. He was thirty-eight years old, and was a man of great force of character and a strong order of mind. He submitted with marked patience to the will of God, and met death without a fear. He leaves his parents, a widow and two sons and brothers and sisters to mourn his loss.

His funeral services were conducted Wednesday afternoon at 3 o'clock in the Methodist Church by his pastor, Rev. H. G. Henderson, in the presence of a large audience of sympathizing friends, after which his remains were laid to rest in his father's lot in the cemetery.

Beautiful floral designs from the Methodist Sunday-school, the Pastor's Aid Society, the Young Ladies Society and from his colleagues at the L. & N. office and many other friends, were loving testimonials of the esteem in which the deceased was held.

### The Temptation.

To go out of doors in rough weather is not strong, but we are, many of us, compelled to face rough weather frequently. Diseases which arise from a chill are peculiar to no season of the year. This is true, therefore, there should be in the closet of every household—that is, not an unadorned stimulant, absolutely void of anything but an excitant action, but a tonic combining in the effective form of an invigorant and an alterative, the quality of defense against changes of weather, thoughtfulness to guard the body from the properties that no other article of its class possesses. Not only does it drive out the curdles which it eventually cures, it fortifies the system against the ill effects of changes of temperature, fatigues and over-exertion, in the "daily form of 'la grippe'." It insures a radical change in the weakened condition of a system peculiarly liable to be attacked by it, and it builds a formidable shield against the danger resulting from an impaired condition of the blood and a disordered state of the liver or bowels.

### Lost His Head.

The services of Mr. W. H. Newhall, Jr., who has been the correspondent of the Courier-Journal in this city for the past ten or twelve years, have been dispensed with by that paper. Cause: Billy is a clerk in the Auditor's office and is naturally "agin" the Governor in his war upon the Auditor.

### WILSON'S GREAT MINSTRELS.

#### A Large Audience and a First-Class Show.

George Wilson has got a great minstrel show. That is a solid chunk of truth without any flattery about it. The company opened in Elmira last night before a magnificent audience, every seat being occupied and every member of the company ran very smoothly. The entertainment opened with "Beau Brummel," with correct costumes of the period, and their suits were not only new, fresh and clean, but very handsome and stylish. The company was arranged on a series of raised platforms and the chairs covered with red plush, making a very pleasing effect. Elmira's Dan Quinlan, in a resplendent suit, occupied the interlocutor's seat, and was a bright star in the galaxy. The appearance of the Fulton brothers in song and dance, "The Special Delivery Staff," brought applause and they were responded to by the company. Dick Clark's melange, "Think Quick," was funny and made the audience gasp for breath. One of the best things in the first part was "Hi Tom Ward's," "The Dandy Personified." He caught the audience immediately, and his duds were brought round in laughter. Ward is a minstrel man all the way through. He is presented with a bouquet of flowers. The appearance of Wilson and Donnelly increased the amusement and the former's "Gone, Gone, Gone," and Wilson's "Speak to Me," songs were very amusing and enjoyable. The company contains a number of fine vocalists. David W. E. Nankville, Will Walling, M. Rale, comprising a very strong quartet. They did excellently last night. The first part went off with a dash and vim that was refreshing, the jokes were new and free from vulgarity or coarseness, and the songs were arranged by Frank Dumont, exhibited a novel way to kill Indians and was a laughable ending to the part.

The second part contained some first-class specialties. George Wilson never appeared to better advantage. His new songs, new methods and new ideas were many, and he captured the audience and made them laugh. Napier and Marzello are a pair of the greatest bar performers in the world, and Bunnell and Rankin have no superiors in musical comedy. "Our Colored Sweetheart" was a very admirable dancing and high kicking, and the French Empire clog was great. William Rowe's clog solo stage, and his pedestal act wonderful.

The entertainment concluded with Frank Dumont's burlesque, "The Tar (colored) Tartars," arranged for William Henry Rice, who appeared as Carmelita and Sara Bernhardt. Mr. Rice, is one of the greatest female impersonators in the world. His make-ups are as good as they could be, and his one thing is a fitting climax to such an entertainment. The burlesque also gives Emperor George a part which he makes very funny.

As said, George Wilson has a great show this year. It is perhaps saying a good deal, but the Star does not believe a better one was ever on the road. He ought to make a barrel of money out of it, and his many friends here will hope he will. He certainly got a good start in Elmira. The company plays in Syracuse to-night.—Elmira Evening Star, Saturday, August 1.

At the Opera House, Thursday, September 1st.

### A FOREIGN TRIUMPH.

#### Sells Brothers Return Crowned With Victorious Wreaths.

On the sixteenth of October last Sells Brothers Big Show of the World sailed from San Francisco for Sydney, Australia, the inaugurating the most extraordinary and venturesome tour of its kind on record, and which was destined to bear the golden fruit of a proportionate success. The leading journals of America all backed its pluck and enterprise with the strongest editorial assurances that its proprietors were entitled to universal respect as representatives of the best type of genuine American manhood, and their great exhibition to all the popularity and success such ownership ought to confer. That they never compounded with fraud by claiming that "the people liked to be humbugged." That they acted upon the wise and just principle of giving the people more than their money's worth, and always recognized that one man's money was as good as another's, by giving the same complete show in every place of exhibition, instead of stuffing the metropolises and then starving the farmer, under the pretense of serving him the same feast. That they treated the public fairly, and by so doing gained the full backing of popular opinion in their promises. Those made to the people of Australia certainly suggested the biggest feast of animated wonders and amazing acts ever spread before an eager throng, and of the tens and hundreds of thousands who patronized the show during its six months' Australian season there is proof, universal, emphatic and undeniable that not one went away disappointed or dissatisfied.

It is evident that only merit, and that the most genuine kind, could secure good words from a not overpartial, independent and critical foreign press; and when it unanimously conceded, and even before the show was able to utilize a single horse in any way, that its surpassing greatness was the main boast of the question of honest supremacy both at home and abroad. The great Sydney dailies remarked that multiplying circuses and stages and entertainments might appear at first sight to be a waste of energy and talent, but there was no denying the impracticability that it lends to the show as a whole. That the spectator felt himself bewilderingly amazed by the variety of the entertainment made for his entertainment. That space failed them to note all the striking features of a program of such richness, diversified as a railway time-table. This one thing, however, remained distinctly clear: That in Sells Brothers' entertainments arithmetic, neither don't count. No aggregation of them will make a unit; neither will any number of them make a show.

The Messrs. Sells know this, and their united grand Australian living exhibition, which is the most regal Roman hippodrome, triple circus, elevated Olympic stage, aerial display, and a host of other wonders, children's fairyland frolic, darkest Africa aquarium, spectacular pilgrimage to Mecca, and Arabian Nights' entertainments, include and represent only that which is most wonderful, excellent, exciting and refined. From performing acrobatic or huge disporting amphibia, to daintiest detail, there is nothing inferior or commonplace about this extraordinary rich and attractive exhibition. It possesses every feature, feat and display of both home and foreign origin, in keeping with such an entertainment, that can be procured, and many no where else to be seen; and all will be exhibited at Frankfort, on Monday, September 12, just as advertised, and with the honorably won prestige of holding first place in two great empires, thousands of miles apart.

FOR SALE—I offer for sale my property on Third, between Main and Logan streets, in South Frankfort. Apply for terms to E. A. FELLNER, 46-1/2.
